

Getting Closer

CSE, aka the Pharmacy Team, is a name that brings determination to the girls of the varsity volleyball team. The DA girls, over the past five seasons, have never beaten this team. But, on Wednesday, October 10, 2007 hopes were high that the team could produce that coveted first win against the feared CSE.

The match soon began and the Lions got off to an early lead in the first game, but soon started to fall behind. That first game was intense, but the varsity girls pulled it out by a score of 25-22.

The second game didn't start off as well as the first one. The varsity girls started off looking like they were going to get killed, but halfway through that second game, they started working together and caught up with CSE. However, their attempts were a little too late and they lost the second game, 20-25.

The third game had the same result as the second; CSE had beaten the varsity girls once again by the very close score of 21-25. By the fourth game the Varsity Lions were determined to draw even again. They played as well as they did in the first game and pulled out another victory by a score of 25-14.

After such a big win in the fourth game the girls felt confident they could win the fifth game. Unfortunately, in the middle of the game, one of the Lion's key attackers sustained an injury. That put a damper on the situation, and the Lion's began to fall apart. They were beaten again, 21-25.

The Lady Lion's didn't quite pull out the win this last time, but they have one more chance. Every time they play CSE they get closer, so maybe next time will be a turning point in DA history. Come find out on Wednesday, October 31, when the DA girls take on CSE for the final game of the season!
